

# Elevate & Renew

## A Charter Renewal Readiness Network

One-Year Program | 7 Cohort Sessions | UIP-Aligned Two-Year Strategy

---

## A Strategic Investment in Leadership and Renewal Readiness

Schools entering renewal within the next 1–3 years — particularly those identified as *Improvement* under the Colorado School Performance Framework (SPF) — are entering a pivotal window that will shape their next chapter.

Renewal is more than a compliance milestone. It demands:

- Clear academic priorities
- Strong instructional and progress-monitoring systems
- Financial and operational sustainability
- Measurable evidence of growth
- Aligned, confident leadership

**Elevate & Renew** is a structured, one-year partnership designed to strengthen performance while building a focused, renewal-aligned runway.

This is not a generic leadership program. It is a school-specific, data-driven experience grounded in each school's context, systems, and priorities. Renewal readiness becomes the result of disciplined strategic work.

---

## Designed For

- Schools entering renewal within 1–3 years
- Schools identified as *Improvement* seeking accelerated SPF progress
- Principals leading focused academic and build onto their operational expertise
- School leaders in transition

# What Schools Gain

By the end of the year, participating schools will have:

- A comprehensive School Quality Review (SQR) establishing a renewal-aligned academic and operational baseline
- Individualized leadership coaching aligned to identified priorities
- Seven facilitated cohort sessions focused on execution and accountability
- A measurable, two-year strategic plan aligned directly to UIP priorities
- Strengthened systems for monitoring academic progress and operational health
- Organized renewal-aligned evidence

---

## The Outcome

Schools leave Elevate & Renew with:

- Clear strategic focus
- Stronger implementation routines
- Increased leadership confidence
- A practical roadmap for the 1–3 years leading into renewal

Elevate & Renew provides the structure, partnership, and accountability schools need to turn Improvement status into sustained progress — and approach renewal prepared and aligned.

---

## Investment

**\$15,000 per school**

Includes:

- Full School Quality Review with written findings and renewal-aligned recommendations
- Seven cohort sessions
- Individualized 1:1 leadership coaching
- CLCS-led operational and financial sustainability support
- Tools, templates, and renewal-aligned strategy development

Limited scholarship support may be available.
