# COLORADO CHARTER SCHOOLS ANNUAL CONFERENCE 2026

Dear Sponsors and Exhibitors,

**P**lease join us on February 26 and 27 at the Colorado Charter Schools Annual Conference in Denver, where school leaders, board members, business managers, and administrative and classroom staff from over 260 charter schools, serving more than 136,000 students in 70 communities across Colorado, come together. Our annual in-person convening draws between 900 and 1,100 attendees, including school leaders who lead, run, manage, and purchase for charter schools in the state. We hope that you take advantage of this robust opportunity to exchange ideas, strategies, and solutions with our members who operate high-quality public schools for students.

**T**his 2026 Prospectus outlines your opportunities to advance the movement, the League, and positive outcomes for students, families, schools, and leaders while also helping you increase your exposure and connect with this vital market.

**T**he Colorado Charter Schools Annual Conference brings together school leaders, board members, authorizers, operations staff, teachers, support staff, technology staff, and advocates to learn, inspire, and engage in topics related to charter schools. Join us in celebrating the quality of such an outstanding group.

**I**n 2025, over 1000 people attended from 142 schools, including charter school networks. This year, we're seeking to build on that momentum. Now, after 30 years, we're building on decades of success to create an ever-increasing set of experiences for members, partners, supporters, and visitors, all in what is best for public education. We can't wait for you to join us in what is best for kids.

## Bronze Add-Ons

### Lead Generation through the App (Bronze Add-On) - AC26

(\$250)

[Click to PURCHASE](#)

Add the lead capture capability of our App for your sponsorship. Engagefully includes the ability to scan participants' QR code, which captures their name, title, school, and email address. You can also edit your digital presence on the app, interact, and download their information from the Sponsor Administrative portal.

This is optional for sponsors, so if you don't need it, no problem, but many power users feel this is a must-have and worth the extra investment if you want to take home your contacts in an easy-to-use and portable file format. If you don't purchase, you will have a sponsor listing but will not be able to capture attendees using the scan QR code function nor will you be able to update your listing.

## **Power In My Booth (Bronze Add-On) - AC26** (\$500)

[Click to PURCHASE](#)

After December 1st, order power to your booth location if you need to power your devices. Many sponsors don't need this extra, but if you're in need of the juice, feel free to add this to your order, and we'll ensure you get electricity for both days so you can keep your computer, screens, media, demos, phones, or other devices running and charged.

## **Corner Booth Upgrade Ala Carte (Bronze Add-On) - AC26** (\$750)

[Click to PURCHASE](#)

You asked, we listened—corner locations are in high demand, and we get it. That's why we've reserved a limited number of corner booths just for those who know exactly what they're looking for. When you purchase your booth, simply add on the corner location option. We'll work closely with you to find the best available spot. If we can't match you with the location you want, no worries—we're happy to offer a refund.

Want to talk it through first? That's totally fine too. Take a look at the map to see current availability, and reach out if you have any questions. Email [partners@coloradoleague.org](mailto:partners@coloradoleague.org)

## **Add Collateral to Conference Bag (Bronze Add-On) - AC26** (\$500)

[Click to PURCHASE](#)

Looking to boost your visibility at the conference? If your sponsorship package doesn't already include a bag insert, this add-on is for you. For just \$500, we'll include your materials in all 1,000 attendee bags. You can include just about anything—flyers, postcards, small giveaways—as long as it's reasonable. That means no perishables, strong smells, oversized items, or anything that requires assembly (we love Lincoln Logs, too, but not in this context).

Not sure if your item qualifies? Feel free to reach out—we're happy to review a sample and answer any questions. This is your chance to be memorable and make a lasting impression.
