

Student Interventionist

Position Overview:

The Student Interventionist plays a vital role in fostering student success by using data-driven strategies and a student-centered approach to address attendance, academic progress, and social-emotional barriers. This role requires collaboration with students, families, educators, and community partners to create personalized supports that re-engage students, reduce truancy, and promote a positive school experience.

Key Responsibilities:

- **Student Support & Relationship Building:**
Develop trusting, meaningful relationships with students and their families to increase engagement and promote a sense of belonging in school.
- **Data-Driven Intervention Planning:**
Monitor student attendance, academic performance, and behavior data to identify needs and design multi-tiered systems of support (MTSS) tailored to individual students.
- **Outreach & Communication:**
Conduct outreach through home visits, phone calls, and meetings with students, parents/guardians, and community partners to address barriers and create collaborative support plans.
- **Academic Support:**
Promote student success through a variety of strategies, including regular check-ins, coordinating study halls with teachers, assisting with organizational skills, and guiding students in setting and achieving academic goals. Encourage growth by offering small, meaningful incentives to celebrate progress and improvement.

- **Coordination & Event Management:**
Organize attendance challenge initiatives, quarterly Success Meetings, and parent engagement events to celebrate progress and foster community involvement.
- **Barrier Removal & Resource Connection:**
Identify and address obstacles to student success by connecting them with school-based resources and local community services.
- **Collaborative Teamwork:**
Work closely with school staff, counselors, and community organizations to implement restorative justice practices and support transitions for new and returning students.

Additional Responsibilities:

- Support student enrollment and recruitment efforts.
- Assist with communication and coordination during student transitions in and out of the district.
- Carry out other duties as assigned by school administration.

Qualifications:

- Strong commitment to a student-centered, equity-focused approach.
- Ability to analyze and use data to inform interventions and track progress.
- Excellent communication and relationship-building skills with youth and families.
- Experience collaborating across teams and community organizations.
- Knowledge of restorative justice practices and MTSS frameworks preferred.
- Bilingual proficiency in Spanish and English is strongly preferred.

Why Join CHSC?

- Work in a mission-driven environment focused on student success, inclusivity, and community partnerships.
- Be part of a collaborative and supportive professional team that values data-informed instruction, literacy development, and continuous improvement.
- Have flexibility and autonomy to implement creative, student-centered teaching strategies.
- Make a lasting impact on students who need a personalized, high-expectations learning environment. If you are a dedicated educator eager to empower students

through meaningful, engaging, and data-driven literacy instruction, we encourage you to apply!
